

## ABOUT

MinionsINU is designed to create a complex ecosystem in which DeFi and Metaverse are integrated together.

Crypto users will access all DeFi & Metaverse services quickly, cheaply and effectively with only MinionsINU platforms.

For this, we are building the MinionsVerse world and the MinionsINU DexWallet application. In addition, MinionsINU aims to tokenize the sports and betting world in MinionsVerse universe.

# MinionsVerse World

Create, Play, Personalise, Earn In MinionsVerse

With MinionsVerse you really can take the reality of living and dreaming into a virtual world. Where all aspects are created, designed, and perfected by you. Starting with player skills and characteristics, this will give you an online fresh start where you choose your path of success within the MinionsVerse World.

MinionsINU aims to tokenize the sports and betting world. In this direction, it is aimed to appeal both to young people and children with GameFi, and to appeal to adults with its Betting features. For this reason, the world of MinionsVerse is designed with sports concepts and our games are aimed at sports branches, especially football.

# MinionsINU NFT Marketplace

All of our NFTs can be staked in our exclusive Staking pools. Game items could both be traded through the in-game marketplace and also the NFT marketplaces on other blockchains. It creates liquidity for the assets created through the game and also encourages more players to participate in building the MinionsINU ecosystem.

In addition, special series will be produced for names such as CZ and ElonMusk. In addition, special NFTs will be produced for world stars such as Ronaldo, Messi, Haaland and Salah and will be introduced to the world with great marketing efforts.

## MinionsVerse Characters

Each player will create their own identity with specific characteristics, skills and attributes. These chosen skills will allow you to browse the MinionsINU in-game world to complete different daily tasks for fun&rewards!

In addition, each of the MinionsINU characters has special abilities in various sports. As we tokenized the sports world, we added special abilities to our characters and took each one to a unique dimension.

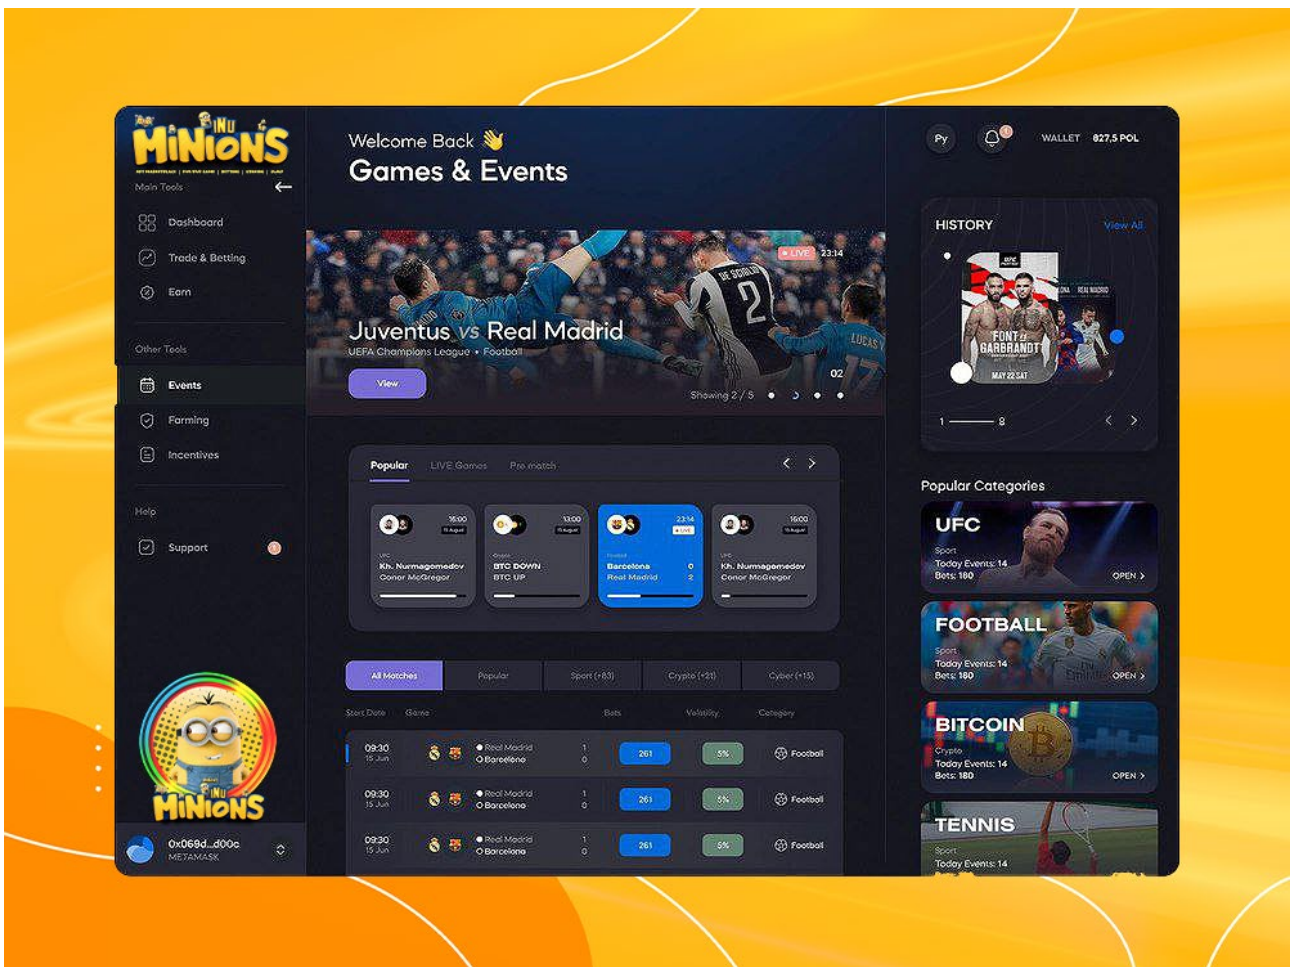

# MinionsINU WEB 3.0 BETTING PLATFORM

Minions INU was designed specifically to tokenize the football and betting world. In this direction, Minions INU will create a web3.0 special Betting platform in the MinionsVerse world.

It is a special series with a high stake and farm rate, while providing special in-game advantages. Every NFT in this series will be unique and only one will be produced for each hero.

All tournament matches will be played live in the MinionsVerse universe and will be open for bets.

Surprise betting options will be open for all matches and all matches will be played live in the MinionsVerse universe.

# MinionsINU DeFi Ecosystem

## MinionsINU DexWallet Application

MinionsINU was established to create an ecosystem for crypto users to provide easy and fast access to all DeFi and Metaverse activities.

Accordingly, MinionSwap - MinionStake&Farm - MinionLock platforms are being built in the background. In addition, MinionsINU NFT Marketplace will also be integrated into Minions DexWallet. With the MinionsINU Wallet application, access to all DeFi and MetaFi services will be cheap, fast and easy.

MinionsINU

Welcome to the happiest farm on the Binance Smart Chain!

### Minions Stats

|                            |                       |

# TOKENOMICS And FINANCIAL DETAILS

MinionsINU has been specially designed at every stage to be the safest and most loved project.

As a result of in-team meetings and social research, it was decided that the tax fee would be 0%.

Since the tax fee is 0%, large wallets are not reserved under the name of marketing, team, partnership.

Only a 5% wallet is reserved for MinionsINU to be listed on major exchanges.

With the decision of our finance team, MINION token will be sold with BNB parity and liquidity Locked Along A Year.

MinionsINU's biggest goal is to be listed on a major exchange as soon as possible.

MinionsINU project will be financed by NFT sales, stakes and sponsorships in the MinionsINU universe.

Total Initial Supply: 1,000,000,000,000 MINION

1. PancakeSwap Liquidity: %95 of Total Supply, Locked For A Year.

2. Reserved for major exchange listings: %5 of Total Supply

MinionsINU Buy/Sell Tax Fee Is Designed To Be %0

(The only valid token of the MinionsINU ecosystem is MINION. Only MINION tokens will be used in all events.)

# ROADMAP And Future Plans

MinionsINU has been specially designed down to the last detail and prioritized transparency. For this reason, we have built our future plans on realistic targets and we will proceed step by step.

MinionsINU has been specially designed at every stage to be the safest and most loved project. MinionsINU was created not as a meme token,

but to create a complex ecosystem in which DeFi and Metaverse are integrated together.

Accordingly, NFTs were prepared and we laid the foundations of our metaverse world.

MinionsVerse is designed with sports concepts and our games are aimed at sports branches, especially football. MinionsINU aims to tokenize the sports and betting world. In this direction, it is aimed to appeal both to young people and children with GameFi, and to appeal to adults with its Betting features. In this direction, MinionsINU will create a web3.0 special Betting platform in the MinionsVerse world.

MinionsINU is also building a major DeFi platform. MinionSwap - MinionStake&Farm - MinionLock platforms are under development.

These are essential parts of the MinionsINU ecosystem. What we will do as the Minions INU ecosystem is built:

MinionsINU will be listed on at least 2 major exchanges and create a strong community.

MinionsINU will systematically focus on signing sponsorship deals with Premier League, La Liga, Seria A teams and world-renowned football stars. Apart from that, we will focus on signing agreements with the stars of basketball, tennis, ice hockey and music world.

We will establish partnerships with world-renowned game companies such as Sony Interactive Entertainment, Xbox Game Studios, The SANDBOX, Blizzard Entertainment and provide metaverse integration.

MinionsINU was designed to be a globally recognized brand. You will run into the MinionsINU family at any football game, concert, cafe or street. You will see the MinionsINU emblem in world-famous stars and venues.
